### Tumble in the Bus Policies (please read before completing the enrollment form above)

- Our program is our responsibility and not that of the director.
- Your child is doing well in class unless otherwise notified.
- Should you start the program mid-month you will be credited accordingly.
- Classes are not prorated for student absences.
- With your signature, you agree to give notice of termination of enrollment prior to the first class of the month, or you will be obligated to pay tuition for that month.

## About the Program

Tumble in the Bus is a specialized gymnastics program developed for beginning gymnasts. Our goal is to bring fitness to your children for proper physical and motor development.

Tumble in the Bus is brought to your child's school on wheels. We do not transport children. A full-size school bus has been refurbished into a safe and fun gymnasium in which the children have their classes. Our program offers every area of gymnastics in mini form. On each bus we have bars, beam, vault, trampoline, ropes, rings, climbing apparatus, and more.

With today's busy lifestyle, we have found that parents are not always able to find the time to do all that they want for their children. By bringing Tumble in the Bus to your school, we give each child the opportunity to participate in an excellent fitness program which doesn't infringe on the family's valuable private evening hours.

## To Participate

Please read the Tumble in the Bus policies before enrolling your child.

Complete the enrollment form.

Enclose tuition with form.

Leave form and tuition in the box before your child is to attend their first class.
